

ABOUT HEAP

Heap's mission is to power business decisions with truth. Our software automatically collects, organizes, analyzes, and connects customer data, so businesses can create more valuable products and experiences.

AT A GLANCE

Employees: 51-200

Location: San Francisco, CA

Industry: Internet

Products: Series L Adjustable Height Desks, Max Task Chairs, Mini Stow File Cabinets

DESIGN CHALLENGE

When Heap moved into a new space, they inherited the previous tenant's office furniture. They wanted to start fresh by creating a branded space that felt personal, cohesive, and evocative of their one-of-a-kind culture—but they didn't have the resources to dedicate to design.

THE GOAL

- Design a beautiful, functional office without hiring an interior design firm
- Find affordable furniture that allowed them to invest in architectural improvements in their new space
- Inspire collaborative work with lounge spaces and large team pods

THE SOLUTION

- Rely on Poppin to space plan and liaise with electricians and contractors throughout the process
- Choose modular furniture that won't need to be replaced as the team continues to grow
- Focus on comfortable breakout spaces and sit/stand desks to support multiple kinds of work

poppin.

work happy.

“Poppin provided us seamless design across all our working areas and best-in-class furniture for all our employees.”

- Kylie Moses, People Ops

WE'RE HERE TO HELP

Heap took full advantage of Poppin's space planning and installation services, trusting our team to make the experience as easy and stress-free as possible so their team could get back to work. All Heap had to do on their own was pick out their plants!

IN STOCK + READY TO SHIP

Once Heap was ready to make a change, they didn't want to wait to start working happy. After they placed their order with Poppin, we shipped their furniture and arranged for it to be installed within ten business days.

SIT TO STAND SOLUTIONS

The team wanted to upgrade their existing desks to an ergonomic standing solution. Series L Desks allow Heap employees to choose how they work throughout the day, like standing for a quick meeting or sitting for focused work.

SHOP THE SOLUTION

See how the Poppin Furniture Collection can work for you.

Mini Stow File Cabinets work double-duty as spare seating for desk-side chats.

A clean palette of White + Gray pairs perfectly with the brick architecture of Heap's space.

FLOORPLAN

We work directly with brands and/or their designers to create an assortment based on the project's unique needs.

POPPIN TIP

Don't have time to undertake a design project? Poppin can do the work for you, from space planning to installation.
