THE  
**CROSSOVER**  
ISSUE

1. The popular Snap Series from **Prudential Lighting** is more robust than ever thanks to its latest addition: Snap-Aero. This sleek and streamlined fixture has a touch of retro style without being too "themey." Its aerodynamic profile makes a subtle design statement for offices, classrooms, and hospitality.

2. Altos Landscape from **Teknion** is a horizontally planned wall collection with integrated furniture. This unique combination gives opportunity for layered off-module planning applications that maximize the usable space. Altos Landscape includes both height-adjustable and fixed-height desks, task lighting, storage options, a shelving program, and acoustic capabilities.

3. **National Office Furniture** announces the Tellaro lounge seating, which is available as a 1-, 2½-, or 4-seat lounge unit that embodies a modern sofa.

Tellaro features tailored cushions and unique sizes that address today's relaxed commercial furniture needs.

In addition to its clean aesthetic, the line offers a grid stitching pattern that can be applied to the seat or back cushions to add intersecting stitched lines.

**4. Wilsonart** Quartz offers 10 new patterns that marry material performance and natural-looking structures with today's most sought-after colors. These designs honor the appeal of natural stone and combine it with popular neutrals. White, taupe, gray, and black are paired with veining and movement to create interesting patterns and rich backgrounds.

**5.** The Cleo Credenza by **Poppin** is an elegant storage solution for the workplace. Two veneered doors open to four adjustable shelves that are enhanced by six cable access points at the back. Cleo can be used in a conference room, as a media stand, at the end of a benched row, or alongside a single desk.

**6.** Acoustically optimize architectural features like open plenum spaces, slanted ceilings, or low ceilings with **CertainTeed Ceilings'** Ecophon Focus B and Focus SQ. These direct-mount panels and tiles do not require a grid system. Exclusive 3RD technology combines high-recycled glass content with a renewable plant-based binding agent, completely replacing petroleum-based binding.

**7.** The Kallise Lounge Collection from **Integra** adds a homey touch to offices. It can be customized with wood or steel cylinder legs, optional casters, three arm cap options, combination fabrics, and a tablet arm with a 300-pound capacity. Kallise is available as a chair (shown), settee, or sofa with matching ottomans, benches, and tables.
