Gen 3 PoppinPod for 1

Need a new way to work in the open office? Designed to offer a quiet space in an open office environment, the upgraded Gen 3 PoppinPod is your turnkey privacy solution. Take a quick seat for focused work or a moment of calm. Or, stretch out your legs during a private video call.

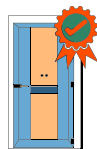

What makes us different

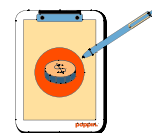

In stock + ready to ship

No long wait times—PoppinPod is in stock and ships within a few business days. Get a private, sound-insulated workspace quickly and efficiently.

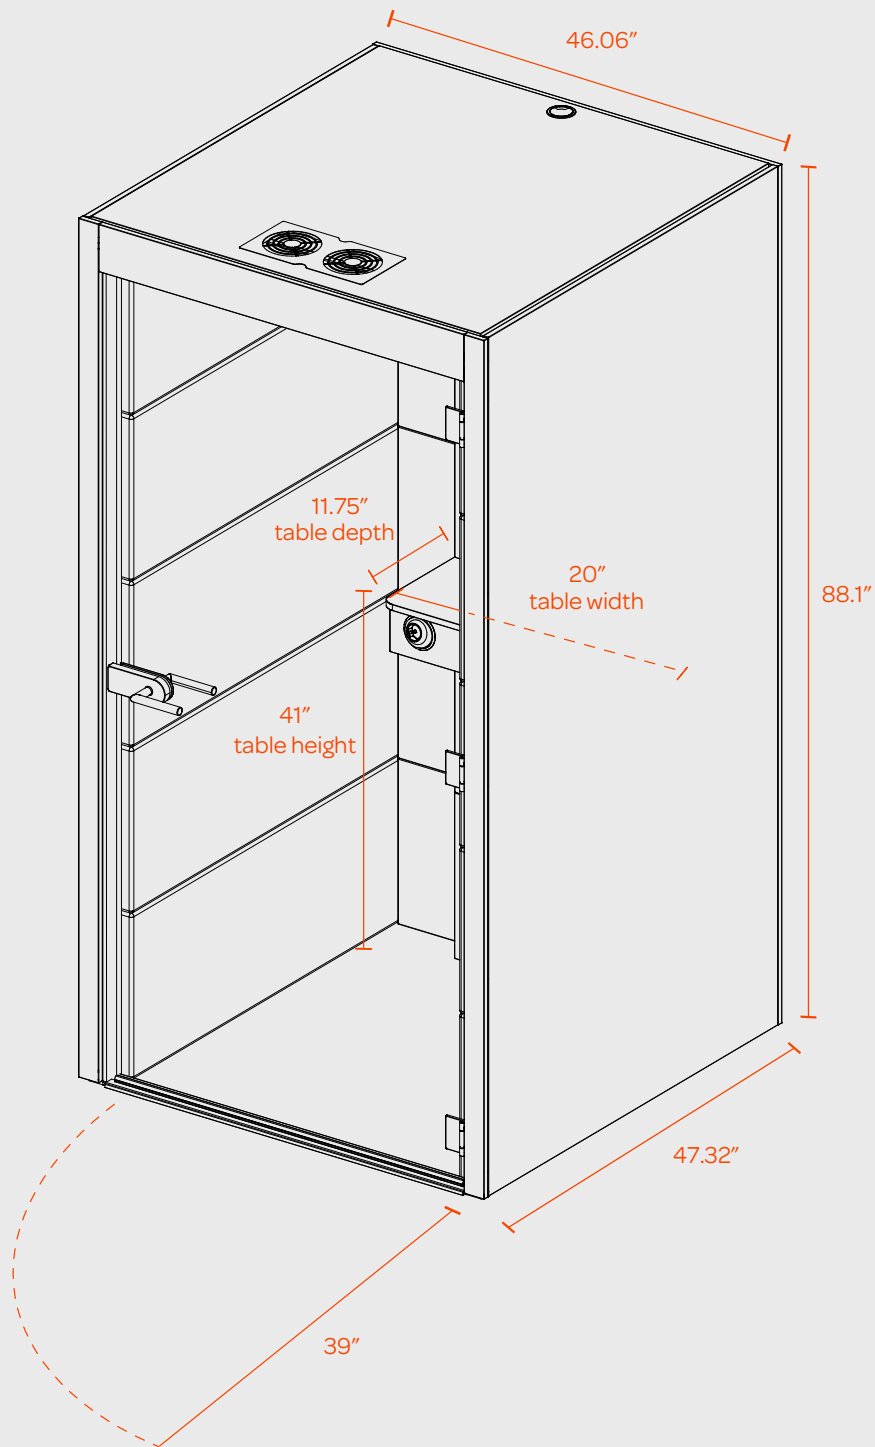

Made to last

Built with durable materials and expert craftsmanship, PoppinPod is designed for long-term use. Backed by a 10-year warranty, it offers reliability and peace of mind for any workspace.

Affordable

Designed to provide high-quality privacy at a competitive price, PoppinPod offers a cost-effective solution for creating quiet, focused spaces - delivering exceptional value compared to traditional office build-outs.

Dimensions

Your Poppin Account Executive and Project Manager can answer any questions you have about the placement of your PoppinPod.

- The footprint of the assembled PoppinPod (with the door closed) is 46.06" W x 47.32" D x 88.1" H
- When the door is opened fully, it adds 39" to the overall depth
- The interior dimension of the PoppinPod is 37.09"W x 39.13"D x 84.65"H
- The dimension of the table is 20"W x 11.75"D x 41"H
- Allow for 12" above the PoppinPod for sufficient air circulation

1. ANTI-EAVESDROP DESIGN

Each pod is designed to keep confidential conversations, phone calls, and video conferencing completely private

2. AIRFLOW

Our PoppinPod fans – which refresh in less than 1 minute – are precisely calibrated to balance comfort and acoustic performance

3. BUILT IN POWER

The Gen 3 PoppinPod comes with 1 Ethernet or HDMI cable guide

4. PLUG + PLAY

Simply plug the power cord into any grounded 15A outlet and get right to work

5. SEAMLESS CONTROL KNOBS

Two control dials to easily adjust both the lights and fans to your desired level

Technical specifications

Bells + Whistles

- Meets ISO 23351-1 acoustic standards
- Anti-eavesdrop design to bring you the most private, durable, and accessible phone booth on the market
- Built-in work surface allows you to easily move from desk to pod without missing a beat
- Built-in smart control unit that automatically adjusts to the optimal ventilation and illumination setting based on your environment
- 3 Motion-activated LED lights that are dimmable from 2200 lumens
- 2 Motion-activated fans that refresh the air inside the pod every 36 seconds
- Virtually flush with the ground eliminating trip and fall risks

Spatial requirements

The power cord lives in the wall of the control panel. When threaded through the ceiling it's approximately 3'. When threaded through the bottom of the PoppinPod it's approximately 6'.

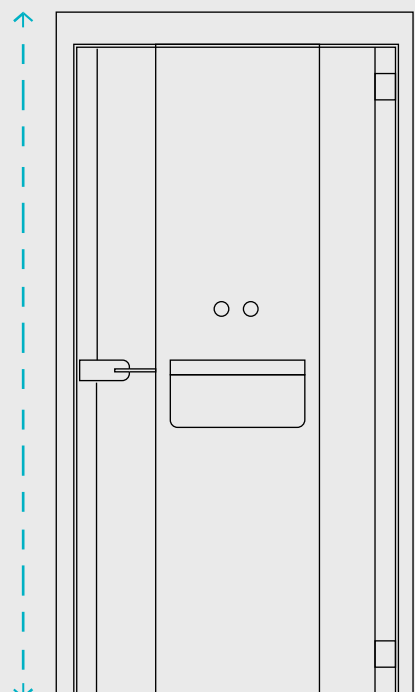

42" of clearance is recommended in front of the pod

Recommended height of the space for PoppinPod installation is 94.49"

A minimum of 12" of clear space is required above the pod

Designed for productivity

The Gen 3 PoppinPod is more than just a meeting pod—it's a fully equipped, ready-to-use workspace designed for modern offices. With best-in-class acoustic insulation, motion-activated LED lighting and ventilation, and a durable, high-quality build, it provides a comfortable and private environment for team collaboration, client calls, or deep focus work.

The Ultimate Turnkey Meeting Solution:

Designed with flexibility in mind, the PoppinPod ships quickly, requires no construction, and is backed by a 10-year warranty for long-term reliability. Whether you're optimizing existing office space or creating new areas for productivity, PoppinPod delivers affordable, high-performance privacy—without compromise.
