PoppinSpaces is a flexible system of walls to give your team a better way to work. One click, your walls ship!

No need to break your lease. Retreat, Recess, and Refocus Spaces add definition to your open-plan office with non-load-bearing walls designed to help teams collaborate. These three walls create a semi-enclosed space that encourages spontaneous, cross-company communication and teamwork so you can come and go as you please. Choose from semi-private and private panel layouts that offer your ideal level of visual privacy and maintaining sight lines. Acoustic panels that reduce echo and reverberation can be used on any pre-assembled PoppinSpaces so conversations can be more private.

Mix and match with other PoppinSpaces to create your ideal workspace.
