

Stash 4-Door Coat Lockers

Available in Charcoal or White

Reprogrammable tumbler locks for security

Optional casters are sold separately

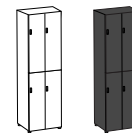

STASH 4-DOOR COAT LOCKERS

Ideal for hot deskers and co-working spaces, our Stash Digital Coat Lockers offer secure storage for all your larger personal items (like your jacket, backpack, and change of shoes). With a programmable digital lock, it's convenient for shared use in hybrid work environments since everyone can use their unique, four-digit code.

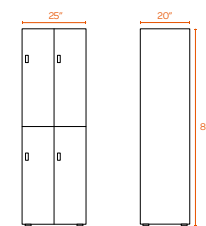

Bells + Whistles

- Stash Digital 4-Door Coat Lockers feature durable powder-coated steel construction
- Each locker has a battery-operated, programmable digital lock – each user chooses their unique, four-digit code
- Each compartment includes two hooks and a rod for standard coat hangers
- Lockers are fully painted inside and out with a fingerprint-proof textured finish
- Includes 1 page of stickers numbered 001 - 232 for labeling lockers
- Adjustable nylon glides included; casters sold separately
- Lockers ships fully assembled via freight
- The Stash Digital Coat Locker has achieved Indoor Advantage Gold Certification
- Designed by Poppin in NYC
