

#### ABOUT HONEY

Honey is a browser extension that automatically finds and applies coupon codes at checkout with a single click.

#### AT A GLANCE

Employees: 51-200

Location: Los Angeles

Industry: Internet

Products: Series A Desks, Max Task Chairs, Slim Stows, Touchpoint Tables, Groove Stacking Chairs, Ping-Pong Conference Table, Pitch Meeting Chairs

#### DESIGN CHALLENGE

We worked with Honey to design a space for their scaling team, but soon they outgrew that, too! They needed to open a second location that felt beautiful and on-brand, creating a seamless experience for employees between offices.

#### THE GOAL

- Design a second workspace for their growing team
- Create a beautiful, functional, and branded set of offices
- Smart design intended to maximize space for every employee

#### THE SOLUTION

- Extend the Poppin Furniture Collection to the new office
- A neutral palette with pops of Honey's bright, branded color
- Spare seating and large conference tables for company-wide meetings

## TAKE IT HIGHER

While designing the office, Poppin sent multiple task chairs for Honey to choose from. After working with (and on!) the options, they ultimately decided on the High Back Max Task Chair for maximum comfort. Paired with our benched Series A desks, the neutral palette of the personal workspaces encourages the team to make their desks their own.

**“Poppin connected directly with our building contractor and easily integrated into the planning process. Once the space was finished, their team came on-site and did a full install without a missed beat, exactly to plan.”**

- Glen Allison, COO

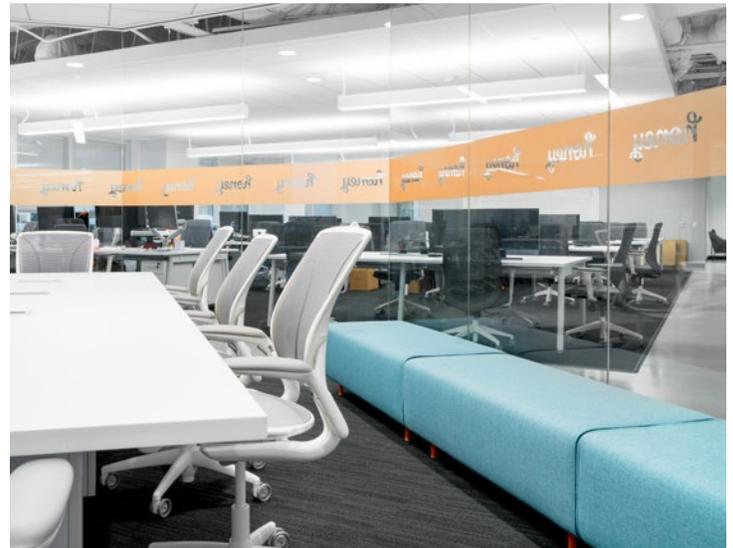

#### GET YOUR GAME ON

The Series A Ping-Pong Conference Table goes from work to play in seconds, making it the perfect place for Honey employees to blow off steam and play a friendly game or two. Blue Pitch Meeting Chairs around the table make a subtle statement while echoing the bright color of the conference room.

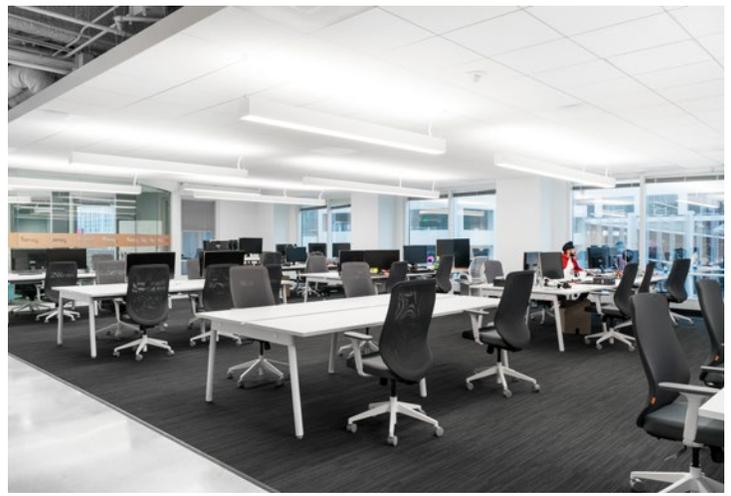

#### HAVE A SEAT

A row of Block Party Benches in the main conference room offers spare seating for company-wide meetings or casual conversations without taking up too much real estate on the floor. Our modular Block Party Lounge System is designed to be moved, reconfigured, and added on to as the needs of the office change.

Our Touchpoint Table and stacking Groove Chairs are an affordable way to fill a huddle room.

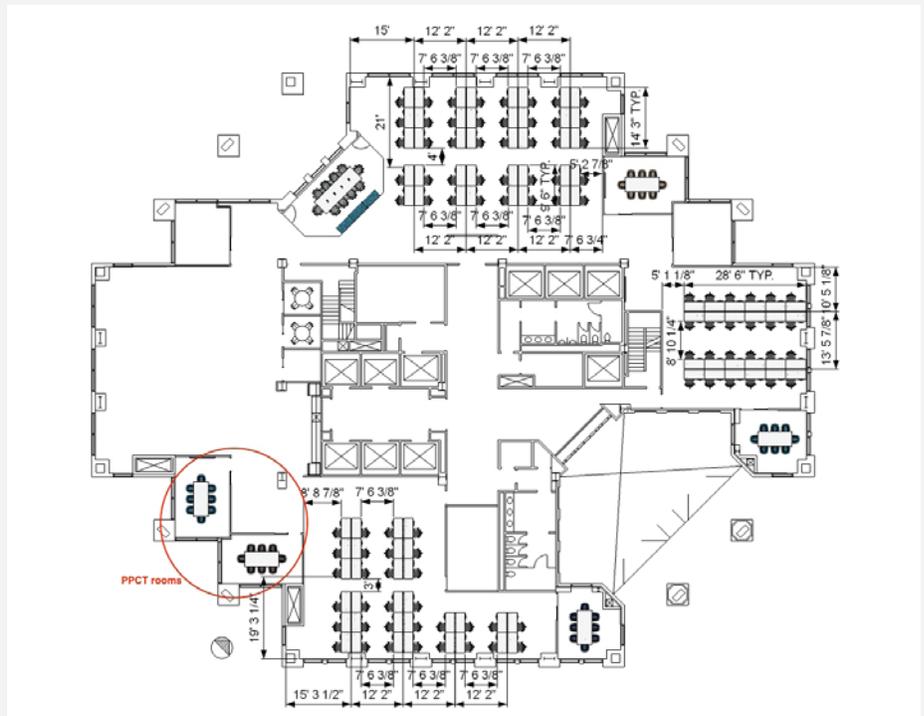

High Back Max Task Chairs offer an additional 6" of height for more visual impact at the desk.

### FLOORPLAN

We work directly with brands to create a custom concept based on the project's unique needs.

### POPPIN TIP

Consider the walls of your conference room a blank slate to make a statement—adding your company's logo or core values is a simple way to make a big brand impact.
